

RUFFNECK ENTERTAINMENT

IT Services Guide — Individuals · Homes · Businesses · Organisations

<https://ruffneck-entertainment.vercel.app/store> · WhatsApp +234 803 380 7856 · ruffneckhassan@gmail.com

Practical computer and digital support for people and organisations who need reliable technology without a full IT department. Packages are scoped by complexity — entry packages are not “cheap shortcuts”; they are defined service levels with clear deliverables.

1. How pricing works

Each service has optional tiers (for example Home / Business / Organisation). Lower tiers are for simpler, single-user or single-device scope. Higher tiers cover multi-user, multi-device, training groups, or priority support. Prices below are in Nigerian Naira (NGN) and may be confirmed on the live store.

Service	Entry	Professional	Organisation / Multi
Microsoft Office Setup & Support	■15,000	■35,000	■75,000
Excel Data Entry & Analysis	■20,000	■45,000	■90,000
Computer Support & Services	■25,000	■55,000	■120,000
Printer Setup & Configuration	■12,000	■28,000	—
Wi-Fi Setup & Configuration	■15,000	■40,000	—
Computer Training	■30,000	■90,000 (group)	■200,000 (org)

2. What each service covers

Microsoft Office — Installation guidance, configuration, Word/Excel/PowerPoint productivity support for home users, teams, and organisations.

Excel Data Entry & Analysis — Structured entry, cleaning, formulas, charts, and reporting layouts for students, professionals, and businesses.

Computer Support — Setup, troubleshooting, maintenance, OS guidance, performance, virus-related support, and backup advice.

Printer & Wi-Fi — Device setup, connectivity, sharing, and basic network reliability for home and office.

Computer Training — Practical literacy and productivity training for individuals, small groups, schools, and organisations.

3. What you should prepare

- Device type (Windows/Mac), approximate age, and main problem or goal
- Whether support is for 1 person, a home, an office, or an organisation
- Preferred contact: WhatsApp or email; availability for remote sessions
- For Excel: sample file or description of the data and the report you need
- For training: number of learners, skill level, and preferred topics

4. How to buy or enquire

1. Open the store: <https://ruffneck-entertainment.vercel.app/store> → filter **IT Services**
2. Choose a package tier (optional levels) and complete checkout, or message WhatsApp +234 803 380 7856

3. Send the preparation details above so delivery can start promptly
